Vice President Morton occupied the chair. The opening prayer was offered by Chaplain Butler. The usual mass of petitions was presented and referred, comprising several in favor of a five-million loan to the Columbian exposition on condition of the fair being kept closed on Sunday.

House.

WASHINGTON, Jan. 5.—At noon the house was called to order by Clerk Kerr, who stated that he regretted to announce the illness of the speaker, and declared that the only business in order was the election of a

speaker pro tem. On motion of Mr. Springer (Ill.), the honor of that election was bestowed upon Mr. McMullin (Tenn.), who, on taking the chair, was warmly applauded by his party colleagues.

Bradley's Creditors in Distress.

FAIRBURY, Ill., Jan. 5.—The sheriff has completed the job of inventorying the stock of merchandise which was in the possession of Charles Bradley when he closed the establishment on account of executions entered. The stock inventoried \$21,720, and when it is sold at auction if it realizes \$15,000 they will be satisfied. Bradley's liabilities will be fully \$75,000. Of this amount \$25,000 is borrowed money secured by judgment notes, while the remainder is due wholesale jobbers and is unsecured.

Accidentally Killed Her Brother.

BLOOMINGTON, Ind., Jan. 5.—A sad and distressing accident is reported from 10 miles west of this place in which a sister accidentally shot and instantly killed her brother, David Mink.

The brother had recently secured a new gun and, unloading it, placed it away.

In the meantime another brother used the gun and left it loaded. Monday the sister was asked to hold the weapon, and while doing so it was discharged, blowing the top of her brother's head off.

Death of Rev. Dr. Skene.

CHICAGO, Jan. 5.—Rev. Dr. Thomas H. Skinner, professor of theology in the McCormick theological seminary, died at his residence, No. 1042 North Halsted street, Monday, at 11 p. m. The doctor had been in poor health for three years, but he was taken ill with the grip December 21 and the ailment gradually increased in severity until the end came.

King Leopold Has Recovered.

BRUSSELS, Jan. 5.—The alarming reports concerning the health of King Leopold which have been circulated are entirely without foundation in fact. It is officially announced that his majesty has quite recovered from his attack of influenza.

Boobyhead Still Lives.

TAMERQUAN, I. T., Jan. 5.—The rumors which have been current for several days past of the death of ex-Chief Boobyhead have no foundation. The ex-chief is enjoying excellent health.

Our Circulation.

WASHINGTON, Jan. 5.—The total money circulation of the country on the 1st was placed at \$1,350,781,729, against \$1,524,935,948 on January 1, 1891, an increase of \$174,154,219 during the calendar year just closed.

War Life in Europe.

WAR CLOUD LIFTED

The Little Republic Said to be
Ready to Apologize.

CHILI SHOWS HER CONTRITION

Rumors that Minister Montt Has Been
Instructed to Express Regret at
the Baltimore Outrage.

VALPARAISO, Jan. 5.—It is said here that the Chilean government has cabled orders to Minister Pedro Montt at Washington to make a sincere apology to the United States for the unfortunate and deplorable attack upon the Baltimore sailors October 16 last.

The apology is unqualified in its character. It is added. Other matters which have been in dispute between Chili and the United States are to be speedily considered by the new administration. From semi-official sources it is reported that the reason the Santiago police are kept in the vicinity of the American legation is that the intendente of the city is in constant receipt of letters containing threats to burn and sack the legation. It is said on the best authority that the government desires to have the police near at hand so as to prevent the execution of any such threats. It is no secret here that many of those who cherish ideas of war between the United States and Chili are friends of Balmeada.

THE NEW COINS.

The United States Mint Turning Them
Out in Large Quantities.

WASHINGTON, Jan. 5.—Mr. Leech, the director of the mint, has received a small box containing \$50 worth of the new style of coins, half dollars, quarters and dimes, and he was immediately besieged by applicants for sample sets. He accommodated all that he could at the standard market rates of eight-five cents a set, but before he began this exchange of old money for new he made up a set and sent it to the white house for the president. The main feature of the new design is a female head on the obverse, facing to the right of the holder. A wreath crosses the head, which is covered by a liberty cap. The features are classical. The date, 1892, is in the regular place below the head, while around the sides of the rim are the thirteen stars of history. The phrase, "In God We Trust," is above the head. The reverse is completely filled with a spread eagle bearing the customary olive branch and bunch of arrows in its talons and a ribbon in its beak containing the "E Pluribus Unum" of standard currency. Around the rim above are the words "United States of America," and below the eagle is the denomination of the coin's value. Around the eagle's head the thirteen stars are clustered in a symmetrical arrangement. The obverse is the same in each of the three coins, except that in the dime "In God We Trust" are omitted. The reverse of the dime is the same as in the old dime—a wreath of oak and laurel leaves and sprays of corn and wheat, inside of which are the words "One Dime" in plain letters.

These new coins are being made out

of the silver contained in the incurrent coins stored in the treasury. There was \$22,000,000 worth of this money at face value in the beginning of the present year and this has been reduced gradually until there is but \$13,000,000 on hand. Half a million was taken to Philadelphia recently for the purpose of turning out the new coins. It was melted up and it was found when the resulting bars were weighed that there had been a loss by abrasion of \$5,000, or a little over 1 per cent. The officers of the treasury expected that there would be at least 7 per cent. loss.

The difference between the face value of the coin and the actual value has to be paid to the treasurer in order to balance his accounts. There is now \$22,000 on hand for this purpose, and Mr. Leech estimates that with this he can turn out \$1,000,000 in the new design. He hopes to get an appropriation of \$100,000 from the present congress with which to continue the work, and thinks that with this he can turn out \$1,000,000 in new coins and thus supply the demand. The present fund will last about three months.

Indiana Incendiaries Sentenced.

WASHINGTON, Ind., Jan. 5.—Sam Harbin and Basil Ledgerwood, two of the incendiaries who pleaded guilty to burning the Daviess county courthouse last October, were each, on a plea of guilty, sentenced to seventeen years in the Jeffersonville penitentiary by Judge Heffron Monday afternoon. Ex-Auditor Lavelle, Mike Lavelle and Burr Hawes, the other men under indictment for the same offense, will be tried in March.

Anti-Slavery Protocols Signed.

BERLIN, Jan. 5.—Plenipotentiaries of the powers have had a meeting here and have signed the protocols of the anti-slavery act, which goes into operation sixty days hence. The United States is not represented. United States Minister Terrell is still in Washington waiting for instructions.

Frightened His Mother to Death.

GALVESTON, Ill., Jan. 5.—While intoxicated Saturday George Leavelle, of Victoria, smashed a window with his fist, cutting his wrist. Going home he besmeared himself with blood. His appearance so shocked his mother that she died within a few minutes from heart failure.
